

# Basic Detail Report

## **Title Pair of Gem-Inset Gold Hexagonal Buttons with Enamelled Floral (Kundun) Motifs**

Date 20th century

Medium Enameled gold, white sapphires

Description These hexagonal buttons are intricately enameled with red and green floral designs on a light blue ground. Each is inset with a central diamond. Enamel floral designs in red and white also decorate the reverse — a detail that originated in the city of Jaipur where the art of enameling flourished for centuries.

Dimensions Diameter: 9/16 in. (1.4cm)
