

Basic Detail Report

Title Pair of Gem-Inset Gold Hexagonal Buttons with Enamelled Floral (Kundun) Motifs

Date 20th century

Medium Enameled gold, white sapphires

Description These hexagonal buttons are intricately enameled with red and green floral designs on a light blue ground. Each is inset with a central diamond. Enamel floral designs in red and white also decorate the reverse — a detail that originated in the city of Jaipur where the art of enameling flourished for centuries.

Dimensions Diameter: 9/16 in. (1.4cm)
